

Dr Sam Bailey – Médecine : Les champs de la mort

[Source : @TheAmir]

L'industrie médicale colporte souvent un slogan : « primum non nocere » ou « d'abord ne pas nuire ».
Même si la plupart des médecins croient probablement qu'ils adhèrent à cette éthique, les données montrent le contraire.

Le complexe médico-pharmaceutique exploite de vastes champs de bataille sans que personne ne bronche.
Cette vidéo montre comment le système est capable de dissimuler les blessures et les décès, tout en conservant une impression d'autorité « scientifique ».

Est-il utile d'adhérer au paradigme de la médecine allopathique ou est-ce un temple de la fatalité ?

Dr Sam Bailey
