Le graphique ci-dessus montre les liens entre la Fondation Gates, le Wellcome Trust, l'OMS, GAVI, d'autres ONG et Big Pharma... Il contient environ 6500 objets tels que des personnes, des ONG, des entreprises, des documents, etc. Il comprend également plus de 7200 liens entre eux.

Toutes les informations sont accessibles au public.

Les diapositives suivantes présentent quelques organisations sélectionnées dans ce graphique. En raison de sa complexité, il ne montre que le premier niveau de connexions.

Dans un premier temps, vous obtiendrez des informations générales sur les personnes des agences gouvernementales, des entreprises et des organisations non gouvernementales, ainsi que sur certains événements ou groupes importants. Plus loin dans ce document, vous trouverez une analyse des liens entre ces « parties prenantes ».

Les lignes rouges sont toujours des paiements, mais il se peut que certaines lignes noires soient également des paiements. Veuillez consulter la description du lien.
