

Pourquoi tous les « virus » proviennent-ils des laboratoires ?

[Source : @TheAmir]

L'histoire de la « fuite du laboratoire » du COVID-19 est diffusée sur les plateformes grand public depuis le début de l'année 2020.

Cependant, de nombreux membres de la communauté dite « de la liberté » présentent l'histoire comme une dissimulation de haut niveau. Ils affirment que la recherche est devenue incontrôlable et que des « agents pathogènes artificiels » sont en liberté.

Cependant, sur quelles preuves s'appuient ces affirmations ?
Comprennent-ils vraiment les articles essentiels de virologie sur le « gain de fonction » ?

Dans cette vidéo, nous verrons pourquoi tous les « virus » proviennent de laboratoires, mais [aussi] pourquoi vous n'avez rien à craindre.

Samantha Bailey
